

Spares for automatic, very high speed, semi-automatic bottle fillers, crowner, washers, pasteurization and conveyors, KBK a renowned name catering Indian and overseas industries requirement since 25 years.

Stainless steel inserts and capping for very high speed parts assemblies with an ultra high molecular polymer, nylon and special alloys of UHMW is our specialty. KBK polymers parts handle bottle gently and quietly, also are impervious to wear. RBK polymer increases bottle life, protect bottle scratching and also reduce drag load.

### Features of KBK UHMW

1. High abrasion resistance
2. Excellent sliding property
3. Very good damping property
4. Very good notch impact strength
5. Very high chemical resistance
6. Resistance to Acid, Alkalies & aggressive gases
7. Temperature resistance -220° C to +90° C

KBK Sheets : 15 mm, 20 mm, 25 mm upto 150 mm, 1.2 mtrs. x 2.0 mtrs.  
 KBK rods : 20 mm dia to 150 mm dia x 1 ft or more length

## ITEMS :

Bottle Washers	Bottle Filter & Crowner	Conveying & Packaging
